

THE CHURCH OF
JESUS CHRIST
 OF LATTER-DAY SAINTS

Hosted by the Maricopa AZ Stake

Community Garden Schedule

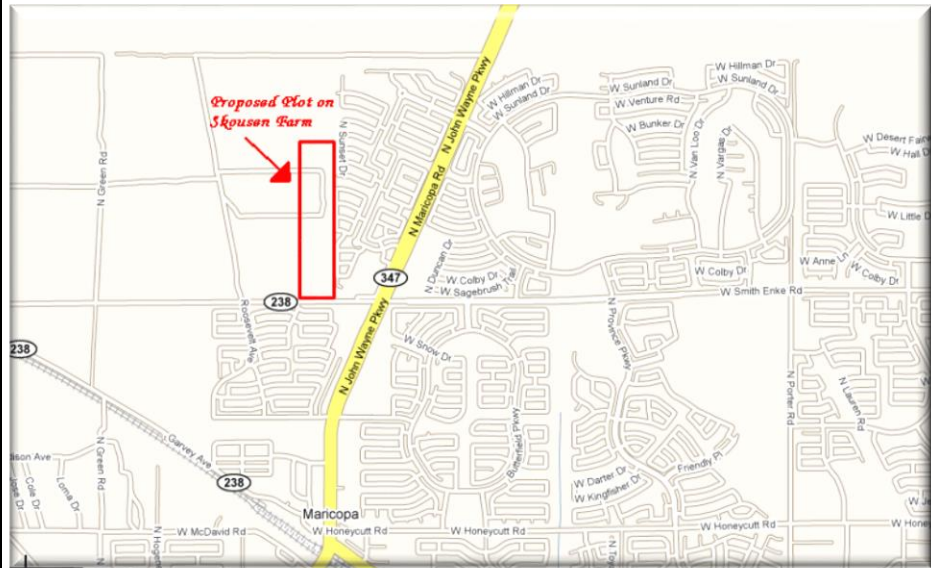

(Printed Wednesday, April 06, 2016)

Workload will be light to moderate, consisting primarily of planting, pulling weeds and harvesting. A hoe, gloves and drinking water would be advisable, especially as we get closer to the summer months. Parking at the Skousen farm can be limited, please consider carpooling where possible and please drive safely as there may be small children with their families present. Any questions should be directed to Eric Goettl, 480-375-5425 cell or egoettl@gmail.com
